Nature Of Opinion

Docket Number: E-01933A-15-0322

Docket Position: Against

Setting new fixed fees and rates that deincentivize renewable energy development and rooftop solar is exactly the wrong direction for our state to be moving. We have an economic opportunity to lead the nation in renewables development. What's more, new set fees function like a regressive tax in hitting lower income families harder than others. Please change course and support rooftop solar and net metering for the future of our state.
